If you are unable to lifeguard on these dates, please find someone else prepared to swap dates with you. Please inform Angela Jones so she can update the list accordingly and so that we can ensure no-one takes on more than a fair share of the duty.

As members become Club Divers they will be added to the list. Currently, you may be asked to lifeguard once every 8 weeks, so long as everybody shares the task.

Would all lifeguards please note that anybody misbehaving in or around the pool, can at your discretion be asked to leave the pool and get changed, OR if the offender is a child, the parent of that child is to keep them under close supervision. The committee will support you.
